III.PRESENTATION AND DISCUSSION/CONTENT/CONCEPT DEVELOPMENT/LET'S LEARN

UNDERSTANDING THE CONCEPT OF BELIEF SYSTEM AND WORLDVIEWS ON RELIGION

DEFINITION OF TERMS:

RELIGION - the belief in Spiritual Beings" (Edward B Tylor, Primitive Culture). "A religion is a unified system of beliefs and practices relative to sacred things, that is to say, things set apart and forbidden – beliefs and practices which unite into one single moral community called a Church, all those who adhere to them." Religion -is"the self-validation of a society by means of myth and ritual." (Émile Durkeim, The Elementary Forms of the Religious Life). Modern scholars such as Tom Harpur and Joseph Campbell favor the derivation from ligare "bind, connect", probably from a prefixed re-ligare, i.e. re (again) + ligare or "to reconnect", which was made prominent by St. Augustine, following the interpretation of Lactantius.

Religion is a social institution involving beliefs and practices based upon a conception of the **sacred**.

The **sacred** is that which is defined as extraordinary, inspiring a sense of awe, reverence and even fear.

RELIGION – involves the following of certain rules and regulations that help us realize and experience higher spiritual truths.

Religion – collection of cultural systems, belief systems, and worldviews that establishes symbols that relate humanity to spirituality and sometimes to moral values.

RELIGIOUS PERSON - someone who adheres to the set norms and practices of a particular religious' tradition.

BELIEF SYSTEM - is a set of mutually supportive beliefs. The beliefs of any such system can be classified as religious, philosophical, ideological, or a combination of these. Something that affect our everyday lives. They are commonly associated with religions. A religious belief system is usually structured around a moral code, the belief of one or more deities, and the ability for supernatural occurrences to affect us and the universe that we exist in.

SPIRITUALITY – involves the study and understanding of matter, spirit & the controller of both, God.

More of an individual practice and purpose, it also relates to the process of developing beliefs around the meaning of life and connection with others.

SPIRITUAL PERSON – is one who seeks to elevate himself, to connect w/ a higher power, or simply his higher self. He believes there is more to the world than what is easily seen, that what is merely physical.

He will have certain guidelines of behavior and diet that he will go by, but all in the name of properly attaining w/ the infinite & entering some higher state of consciousness. EX: Tibetan Monks.

PHILOSOPHY OF RELIGION - is the philosophical study of the meaning and nature of religion. It includes the analyses of religious concepts, beliefs, terms, arguments, and practices of religious adherents. The scope of much of the work done in philosophy of religion has been limited to the various theistic religions. A branch of philosophy that is concerned with the philosophical study of religion, including arguments over the nature and existence of God, religious language, miracles, prayer, the problem of evil, and the relationship between religion and other value-systems such as science and ethics.

THEOLOGY - The word "theology" comes from two Greek words, theos meaning 'God' and logos meaning 'the word about (or the study of) God' as He is revealed in the Scriptures. Even though our attempts to understand an infinite God will fall short because of our limited understanding (Romans 11:33-36), God has given us the Bible for us to study and understand who He is. Some people try to avoid theology because they believe it is divisive. However, understanding God as He is revealed is uniting and a beneficial thing (2 Timothy 3:16-17). The field of study and analysis that treats of God and of God's attributes and relations to the universe; study of divine things or religious truth; divinity.

Religion – humans' way to God.

Theology – study of God's way to humans

Philosophy of Religion – a reflection of humans' lived experience of God.

Why is Faith important?

Faith- originated from the Latin term fides w/c means "trust", or "beliefs".

It is a free acceptance of what a person does and says because of trust and commitment, to have faith is to trust in a relationship that make us fully man.

Faith directs us to what is "so essential or important to us". It directs us to our ultimate concern in life, to make life worthy and meaningful.

Religious faith – means a belief to God and the messages that are expressed in different ways, as in scriptures, doctrines or creeds.

ELEMENTS OF RELIGION and WORLD VIEW OF RELIGION

A. Reflects an effort to elevate their whole self to a higher dimension of existence

B. A framework of transcendent beliefs

C. Text or scriptures

D. Rituals

E. Sacred spaces (church, temple, mosque, synagogue)

WORLD VIEWS OF RELIGION: All is One:

1. Many Gods (Polytheistic)

2. One God (Monotheistic)

3. No God (Atheistic)

3.1 A religion elevates a person to a higher level of life or dimension of existence.

3.2 Religion helps a person transcend more than what is seen by the naked eye or just to something material.

3.3 Religion guides a person through a Scripture or laws of teaching.

3.4 Religion establishes a sacred place for worship of its believers.

The existence of a religion presupposes the existence of God; this is called THEISTIC – means “there is God” or an affirmation of God’s existence. ATHEISTIC – w/c simply means “there is no God” or the denial that there is God.

AGNOSTICS – people who assume that it is impossible to prove that God exists.

SCEPTICS – people who doubt if God truly exists.

ELEMENTS OF SPIRITUALITY:

A. Holistic (fully integrated view to life)

B. Quest for meaning (including the purpose of life)

C. Quest for the sacred (beliefs about God)

D. Suggests a self-reflective existence

“spiritual” person is one who vigorously pursues the will of the Holy Spirit, as manifested in the words of sacred revelation, whether directly from God (in a supernatural fashion, as in the first century), or whether, as today, by means of the testimony of the Scriptures (Eph. 6:17).
