What I Know

PRE-ASSESSMENT

Instructions: Let us determine how much you already know about analogies. Read and answer the following questions. Write the letter of your answer on your answer sheet. Be honest in answering, please do not turn the next pages if you are not done with the pre-assessment.

1. What explains the relationship between words and ideas?
a. analogy b. reading c. comprehension
2. What relationship is expressed by this word pair- knife: slice?
a. purpose b. part-whole c. action-object
3. What relationship is expressed by this word pair- knee: leg?
a. purpose b. action-object c. part-whole
4. What relationship is expressed by this word pair- bark: dog?
a. cause-effect b. action-object c. similarity
5. What relationship is expressed by this word pair- computer game addiction: poor academic performance?
a. cause-effect b. action-object c. part-whole
6. Knee is to leg as fingers is to ____?
a. hand b. arm c. nails
7. High is to mountain as tall is to ____?
a. building b. sky c. size
8. Fly is to bird as swim is to ____?
a. frog b. fish c. cat
9. Typhoon is to floods as cutting trees is to ____?
a. El Niño b. famine c. soil erosion
10. Farmer is to grab hoe as carpenter is to ____?
a. saw b. steering wheel c. cloth

Let's check your answers. If you got 10 points, congratulations! You may not proceed in answering this module. If you got 9 and below, you need to answer the activities provided in this module. Good luck

What's In

How to figure out the relationships of words is one way of developing your thinking skill. Reasoning through analogies is common in our day to day living. For example, when you want to show comparison, you may say “big is to large as thin is to slim.” In the same way, you may say “big is to small as fat is to thin” to show contrast. Apart from comparison and contrast, analogies can also be used to show relationship according to purpose, action-object, part-whole, object-location and cause and effect. If you deliver an analogy, you express how ideas are related to each other.

In this module, you will be learning about analogy and its categories. These will be discussed thoroughly. What you have to put in mind is that analogy is showing the relationship of ideas presented.

What's New

Activity 1. Crack the Code. Let us recall what you know about analogies. Complete the following sentence by using the given codes below.

A-1	G-7	M-13	S-19	Y-25
B-2	H-8	N-14	T-20	Z-26
C-3	I-9	O-15	U-21	
D-4	J-10	P-16	V-22	
E-5	K-11	Q-17	W-23	
F-6	L-12	R-18	X-24	

An 1-14-1-12-15-7-25 shows the 19-9-13-9-12-1-18-9-20-9-5-19
or 18-5-12-1-20-9-15-14-19-8-9-16-19 between 16-1-9-18-19
of words.

Were you able to get the answer?

What's In It

An **analogy** shows the similarities and relationships between pairs of words.

Study the statement below.

Clock is to time as compass is to direction.

Guide Questions:

1. What is the relationship between clock and time?
2. What is the relationship between compass and direction?
4. How are the pairs of words related to each other?

The first pair of words gives the idea that a clock is used to tell time. In the same manner, compass is used to tell direction.

An analogy can be written as:

clock: time :: compass: direction

In writing an analogy substitute “is to” with a colon and “as” with two colons.

Analogies can be classified according to the following relationships:

a. purpose relationship- A word in the pair shows the purpose of its pair.

crayon: color

knife: slice

b. opposite relationship- A word in the pair shows the opposite of its pair.

long: short

near: far

c. part-whole relationship- A word in the pair is a part; the other is a whole.

finger: hand

branch: tree

d. similarity relationship- A word in the pair shows the similarity in meaning of its pair.

pretty: beautiful

smart: intelligent

e. action-object relationship- A word in the pair does the action of its pair.

bird: fly

horse: neigh

f. association relationship- A word in the pair is associated with its pair.

vase: flower

key: padlock

g. object-location relationship- A word in the pair tells the location where the other word is found.

plane: hangar

bed: room

h. cause-effect relationship- A word in the pair tells the cause while its pair tells its effect.

earthquake: loss of lives

study: high scores

What's More

Activity 1: Identifying the Relationships of Analogies. Identify the relationship of the following pairs of words. Choose from the options below, and write your answer on your answer sheet.

purpose
similarity
object-location

opposite
association
cause-effect

part-whole
action-object

1. happy: sad
2. draw: pencil
3. cow: milk
4. leaves: plant
5. cutting of trees: soil erosion
6. money: wallet
7. ink: pen
8. pliers: tool box
9. swim: fish
10. weak: strong

Activity 2: Supplying the Correct Word to Complete an Analogy. Each item below is made up of words that are related to each other in a certain way. The first pair of words is your key. Choose the word that will complete the relationship of the second pair. Write the letter of your answer on your answer sheet.

1. School is to fish as flock is to _____.
a. sheep b. bird
2. Metro Manila is to NCR as Benguet is to _____.
a. Region 1 b. CAR
3. Tall is to short as big is to _____.
a. small b. large
4. Book is to shelf as car is to _____.
a. garage c. helipad
5. Scissors is to cut as ax is to _____.
a. chop b. break
6. Hour is to minutes as week is to _____.
a. hours b. seconds c. days
7. Scissors is to cut as ruler is to _____.
a. measure b. weigh c. height
8. Virus is to colds as smoking is to _____.
a. lung cancer b. heart attack c. fever
9. Priest is to church as teacher is to _____.
a. police station b. school c. court
10. DOH is to Department of Health as DSWD is to _____.
a. Department of Social Welfare and Development
b. Department of Social Work and Development
c. Department of Societal Work and Development

Activity 3: Writing Analogies: With your answer, write the analogies in Activity 2 using colons. Write your answer on your answer sheet.

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

What I Have Learned

Activity 1: Fill in the boxes with VOWELS to complete the words you have encountered in this lesson.

1.

	N		L		G	Y
--	---	--	---	--	---	---
2.

S		M		L		R		T			S
---	--	---	--	---	--	---	--	---	--	--	---
3.

	P	P		S		T	
--	---	---	--	---	--	---	--
4.

	S	S		C			T			N
--	---	---	--	---	--	--	---	--	--	---
5.

R		L		T			N	S	H		P	S
---	--	---	--	---	--	--	---	---	---	--	---	---
6.

P			R	S
---	--	--	---	---
7.

	F	F		C	T
--	---	---	--	---	---
8.

	C	T			N
--	---	---	--	--	---
9.

L		C		T			N
---	--	---	--	---	--	--	---
10.

C			S	
---	--	--	---	--

Activity 2. Fill in the blanks. Let us see how you have understood the lesson. Fill in the following blanks. Choose from the options in the box below.

purpose
colons

analogy
words

part-whole
similarity

When we use _____, we show how _____ are related with each other. It may be a relationship according to _____, opposite _____, _____, action-object, association, object-location or cause-effect. Analogy can be written using _____.

Activity 3: Making Connections. Think of at least 2 situations where you use analogies in day to day living. Write about these situations and how you use analogies. Write these on your answer sheet.

<i>Situations where analogies are applied</i>	<i>How are analogies applied in these situations</i>

What I Can Do

Activity 1: Completing Analogies. Study the relationship of the words below. Use the same type of relationship in choosing the correct word to complete the analogies. Write the letter of your answer on your answer sheet.

1. Moon is to night as sun is to _____.
a. day b. star c. universe
2. Coral is to choral as dye is to _____.
a. dice b. die c. day
3. Carpenter is to saw as farmer is to _____.
a. grab hoe b. plier c. knife
4. Asthma is to lungs as sty is to _____.
a. nose b. mouth c. eyes
5. Rose is to red as grass is to _____.
a. lawn b. mountain c. green
6. Calf is to cow as pony is to _____.
a. deer b. goat c. horse
7. Burnham Park is to Baguio City as Strawberry Farm is to _____.
a. La Trinidad b. Tublay c. Sablan
8. Shampoo is to hair as lotion is to _____.
a. skin b. cream c. nails
9. Kite is to fly as ball is to _____.
a. spin b. bounce c. jump
10. Crying is to sadness as smiling is to _____.
a. sorrow b. joy c. shock

Activity 2: Analogies at Home: Study each of the following words below, then choose its pair in the box below to come up with an analogy using its different categories as presented earlier in this module. Write your answer on your answer sheet.

kitchen	burner
pot holder	coffee
sponge	clothes
door	living room
hand mixer	bed

1. knob: _____
2. cup: _____
3. dining table: _____
4. cooking: _____
5. dishwashing detergent: _____
6. hot cooking equipment: _____
7. closet: _____
8. sofa: _____
9. whip: _____
10. mattress: _____

Activity 3: Analogies in School: Study each of the following words below, then choose its pair in the box below to come up with an analogy using its different categories as presented earlier in this module. Write your answer on your answer sheet.

students	pen
computer set	Computer Laboratory
board	backpack
library	paint
teachers	Science Laboratory

1. paper: _____
2. school supplies: _____
3. chalk: _____
4. CPU: _____
5. books: _____
6. computers: _____
7. paintbrush: _____
8. teach: _____
9. learn: _____

10. equipment for experiments: _____

Activity 4: Analogies for Emotions: Study and analyze the emotions shown by the pictures below, then match these to the list of emotions written in the box below using analogy according to similarity. Write your answer on your answer sheet.

sad
afraid
in loved
triumphant
confused

happy
shocked
angry
tired
calm

1.  is to _____.

2.  is to _____.

3.  is to _____.

4.  is to _____.

5.  is to _____.

6.  is to _____.

7.  is to _____.

8.  is to _____.

9.  is to _____.

10.  is to _____.

POST-ASSESSMENT

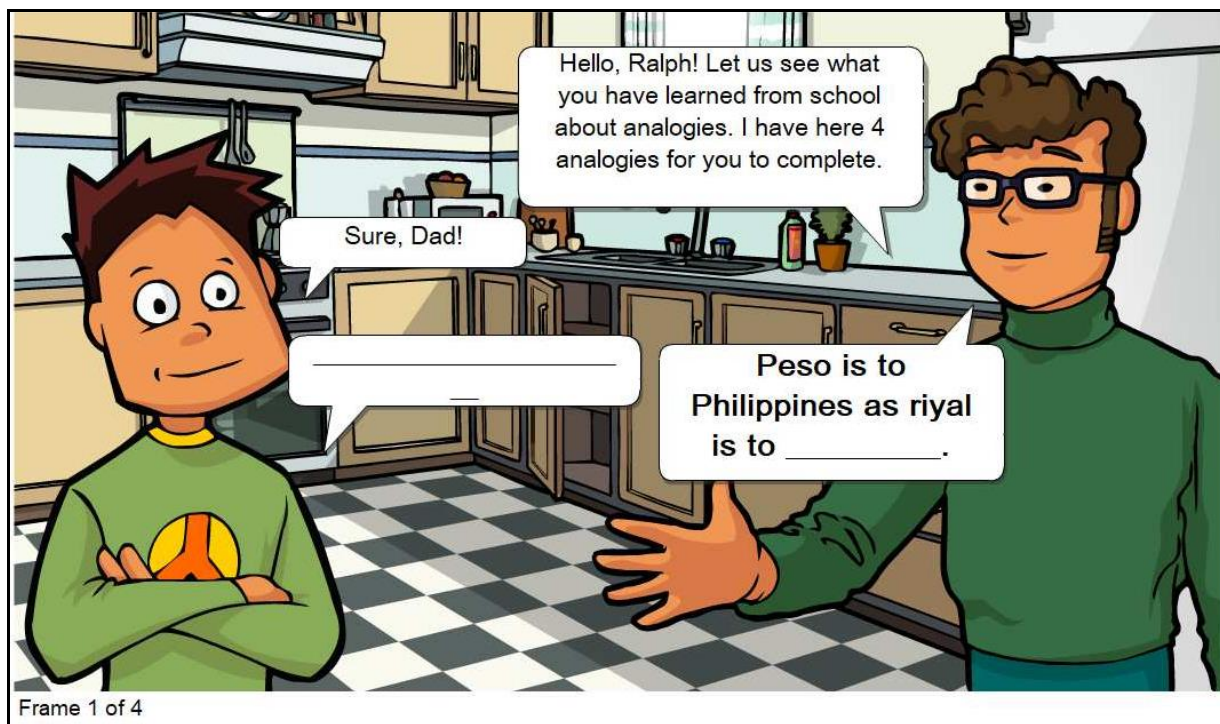

Instructions: Let us determine how much you already learned about analogies. Read and answer the following questions. Write the letter of your answer on your answer sheet.

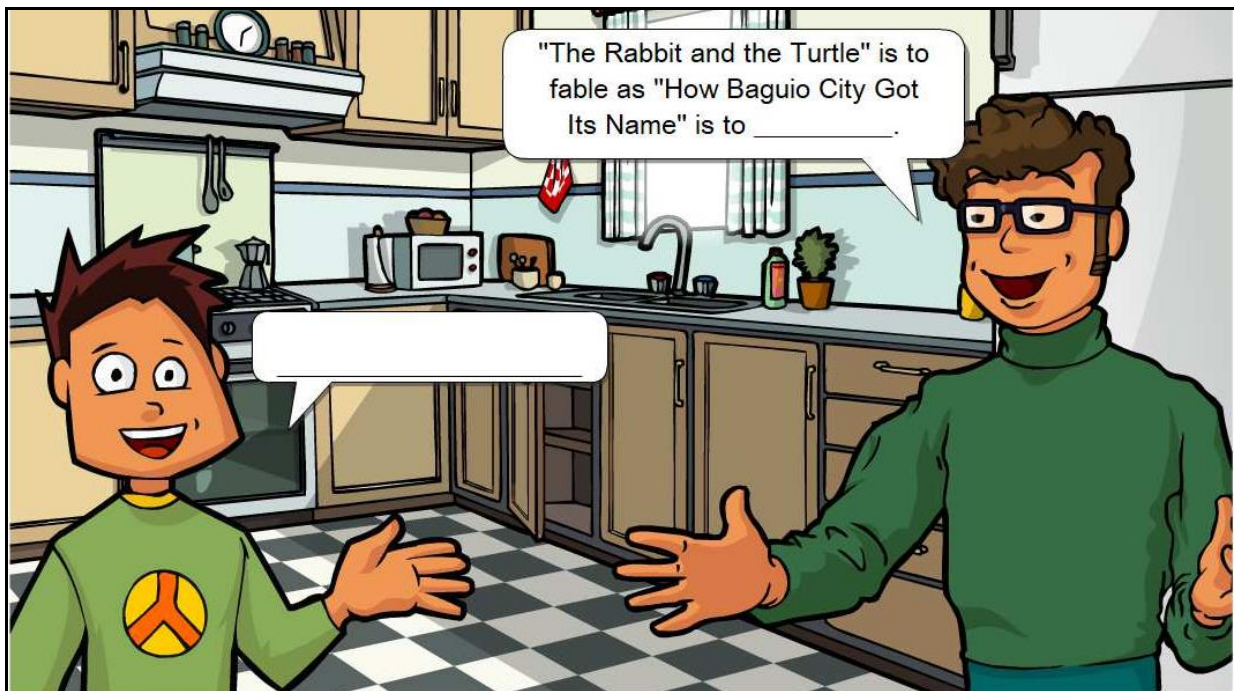

1. What shows similarities or relationships between pairs of words?
a. analogy b. comprehension c. reading
2. What relationship is expressed by this word pair- black: white?
a. purpose b. opposite c. part-whole
3. What relationship is expressed by this word pair- match: fire?
a. purpose b. object-location c. association
4. What relationship is expressed by this word pair- needle: sewing kit?
a. object-location b. purpose c. association
5. What relationship is expressed by this word pair- pretty: beautiful?
a. opposite b. association c. similarity
6. Knee is to leg as fingers is to ____?
a. hand b. arm c. nails
7. High is to mountain as tall is to ____?
a. building b. sky c. size
8. Fly is to bird as swim is to ____?
a. frog b. fish c. cat
9. Typhoon is to floods as cutting trees is to ____?
a. El Niño b. famine c. soil erosion
10. Farmer is to grab hoe as carpenter is to ____?
a. saw b. steering wheel c. cloth

Additional Activity

Activity 1: Here is an additional activity for you to enrich your learning on analogies. Complete the comic strip below. Write your answer on your answer sheet.

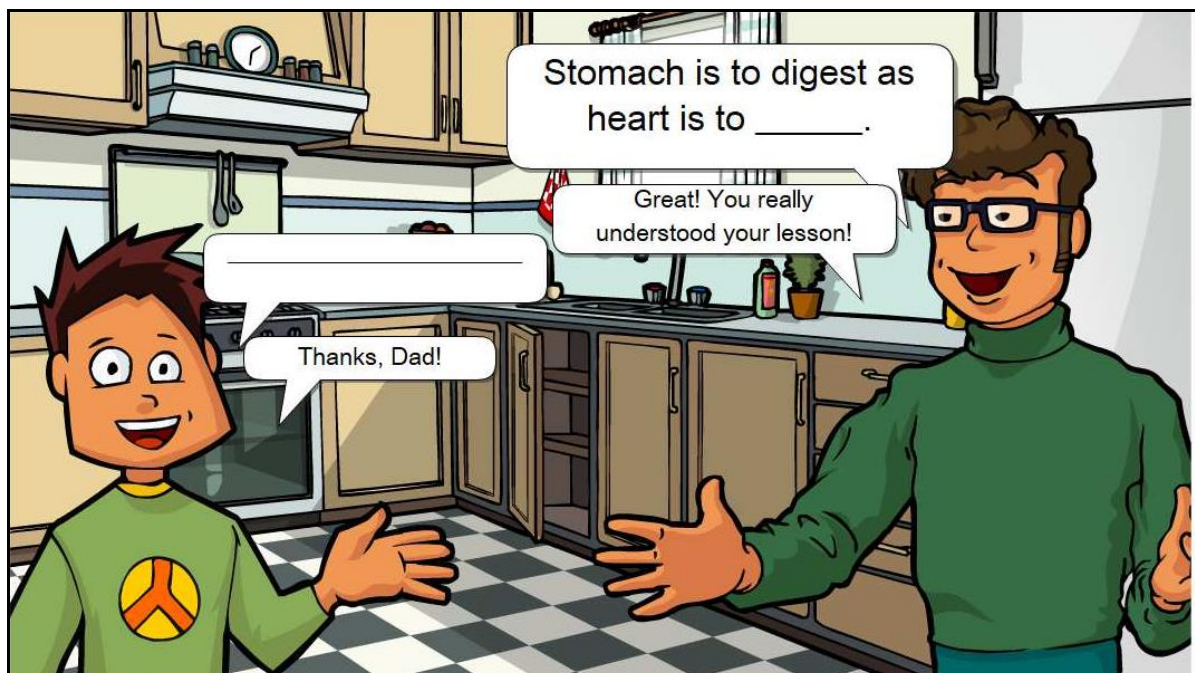

Frame 2 of 4

Frame 3 of 4

Frame 4 of 4

Comic Strip made through Cartoon Story Maker v1.1

Activity 2: Analogies in History: Let us see how much you know about history. Using part-whole relationship, complete the following.

1. La Trinidad: Benguet :: Bontoc: _____
2. Luna: Apayao:: Bangued: _____
3. Banaue: Ifugao:: Tabuk City: _____
4. Mines View Park: Baguio City:: Mt. Pulag: _____
5. Kaparkan Falls: Abra:: Banaue Rice Terraces: _____
6. Sleeping Beauty Mountains: Kalinga:: Sagada Caves: _____

CONGRATULATIONS! You have successfully completed this module. I believe it helped you a lot.

ANSWER KEY

Pre-assessment - a - a - c - b - a - a - a - b - c - a What's New ✓ analogy ✓ similarities ✓ relationships ✓ pairs What's More Activity 1 - opposite - action-object - association - part-whole - cause-effect - object-location - association - object-location - action-object - opposite Activity 2 - b - b - a - a - a - c - a - a - b - a Activity 3: - school: fish::flock: bird - Metro Manila: NCR::Benguet: CAR - tall: short::big: small - book: shelf::car: garage - scissors: cut::ax: chop - hour: minutes::week: days - scissors: cut::ruler: measure - virus: colds:: smoking: lung cancer - priest: church::teacher: school - DOH: Department of Health:: DSWD: Department of Social Welfare and Development	What I Have Learned Activity 1 - analogy - similarities - opposite - association - relationships - pairs - effect - action - location - cause Activity 2 ✓ analogy ✓ words ✓ purpose ✓ similarity ✓ part-whole ✓ colons What I Can Do Activity 1 - a - b - a - c - c - c - a - a - b - b Activity 2 - door - coffee - kitchen - burner - sponge - pot holder - clothes - sofa - hand mixer - bed Activity 3 - pen - backpack - board - computer set - library - Computer Laboratory - paint - teacher - students - Science Laboratory	Activity 4 - shocked - in loved - afraid - tired - confused - triumphant - angry - calm - sad - happy Post-Assessment - a - b - c - a - c - a - a - b - c - a Additional Activity Activity 1 ✓ Saudi Arabia/ Qatar ✓ legend ✓ land ✓ pump Activity 2 - Mt.
